

غزال اکسین مهرگان

READY MEALS

Convenience foods and ready-meal products, such as noodles, soups, and canned foods, are readily available and cost-effective, making them popular in the food industry. As people's lifestyles change, new demands have arisen in the food industry market. These food products often derive their added value from the seasonings used in them or alongside them. The consumption of spices and seasonings varies based on geographical region, as well as individuals' tastes and preferences, and has its own fanbase.
